Above standard checks are available with bottom stub imprinting (same color as check). This imprinting is free in the following quantities.

- 1 part check, 8 cartons, 32,000 checks, or more.
- 2 part check, 10 cartons, 25,000 checks, or more.
- 3 part check, 14 cartons, 28,000 checks, or more.
- Camera-ready artwork must be submitted with order.

Please contact Hamco New York for prices of custom printed checks

Custom design printing differs from bottom stub imprinting, in that you can set up your own layout with the framework or the check size. Change the line setup or ink colors, any check number is available in 1, 2, or 3 parts, etc... Only things that cannot be changes are position of numbered areas, perforation positions and overall size of check.

NOTE: We have a forms department that can print many other sizes. Please state your request.
